8 APR 1970

MEMORANDUM FOR: Director of Special Activities

SUBJECT: Hiring of [ ] Field Personnel

25X1

REFERENCE: See Distribution Memo from [ ]/O/OSA dated  
18 March 1970; Subject: Initial Interviews of  
Candidates for [ ] Field Unit [ ]

25X1

25X1

1. [ ] satisfactorily completed their initial interviews and appointments per the referent memorandum. Additionally, the medical and psychological staff officers have tentatively indicated that they are acceptable for employment on the [ ] Project.

25X1

2. In addition to these medical and psychological interviews, discussions were held with the subjects on contract content. They were told that it was intended that they be given a Type A Contract with all the inherent benefits. Possible salaries were discussed, and it was indicated to them that the [ ] Division recommended a starting salary comparable to a GS-12, Step 3 (\$14,281 per year). It was stipulated that the contract and salaries offered are subject to approval by the Director of Special Activities. It was further stated that they would be notified by 15 April 1970 if possible, as to the progress of the contract approval.

25X1

3. The individuals were then questioned as to their continued interest in being hired by the Agency for this program. All three evidenced keen interest and a strong desire to be accepted for these challenging positions. There are no known hindrances at this time to preclude their availability by 30 September 1970.

4. These three individuals are highly qualified and have the necessary expertise that will be required for the initial manning of the [ ] Field Unit. It is now planned that updated Background Investigations will be completed on these subjects. Subsequent to satisfactory completion of the B.I., these individuals will be returned to Headquarters for completion of processing (final Security and Medical approvals and contract signing).
